

## FOOD PANTRY ASSESSMENT

RFP # 23-7012-RFP06

BIDDER'S CONFERENCE - MAY 19, 2023

1. Where is Exhibit A located?

**Exhibit A is on page 20 of the RFP.**

2. Are you looking to strengthen and support the operations of food pantries as opposed to trying to reach out to serve more people? Or are you looking for goals that are expansionary or growth-oriented in terms of the ability to serve more people?

**For this RFP and its funding source, we're trying to start off small and build our way up. We hope to be awarded the Reach grant again for the next five years so that we can expand this effort. We are in the preliminary stages where we want to get a climate to see what's the need, how can we expand, support, and enhance the food pantries.**

3. For the actual requirements for turning in a proposal, the only kind of budget you want is the proposed budget. You don't need our annual budget or anything like that?

**Yes. Correct, just the proposed budget.**
